INTERNATIONAL ALBERTUS MAGNUS SOCIETY

NEWSLETTER • VOLUME 3, NUMBER 2

The International Albertus Magnus Society is a not-for-profit organization, whose purpose is to promote the study, understanding, and dissemination of the thought of Albertus Magnus (d. 1280), either in itself or in its relation to his predecessors, contemporaries, or successors. To this end, the society aims to facilitate communication and collaboration among those studying, researching, and teaching in the field; to provide a gateway to Albert's works and to past and current research; to organize scholarly meetings; to support the publication of contemporary scholarship; and to seek opportunities to work with other learned societies or institutions with compatible interests.

MESSAGE FROM OUR PRESIDENT

Dear Members of IAMS,

It is with great pleasure that I present to you the latest issue of the newsletter of the International Albertus Magnus Society. This is our fifth newsletter since we started this tradition, in Fall 2022, and like the first four this one has been expertly compiled and prepared by our newsletter editor, Martin Tracey, whom I want to warmly thank on everyone's behalf. No doubt Martin would rightly like me to point out that he receives much help from fellow members who contribute news and bibliographical entries to the letter, chief among them is the generous and ever-so-well-informed Henryk Anzulewicz. The newsletter would indeed never be what it is without all our contributors.

2025 marks a new phase in the development of our little scholarly society. After spending some time dealing with necessary practical matters (legalization of the Society, constitution of the Board of Directors, website, etc.), we are now ready to emphasize more scholarly endeavors. Thank you to all of those, whether they be members of IAMS or not, who sent a paper proposal for the sessions on Albertus Magnus the Society is organizing in July 2025, at the International Medieval Congress at the University of Leeds. Mercedes Rubio and Irven Resnick kindly set up three very interesting sessions on our behalf (see p. 22 *infra*).

The other initiative that the Executive Committee of the Society is working on is the organization of our very first annual virtual lecture, in which a renown Albertinian scholar is invited to share their views and wisdom on a topic related to Albert and which can be accessed from any part of the world with a decent internet connection. This project is also going well and more definitive details will be shared with everyone in Spring 2025 but let me just say that at this point it looks like the lecture will take place on Friday June 20th or 27th, and the speaker will be Henryk Anzulewicz.

With best wishes,
Bruno Tremblay
President
